SUMMARY

Motivated Software Engineering student skilled in C programming and Python basics. Strong problem-solving abilities and commitment to continuous learning drive innovative software solutions.

SKILLS

- C programming
- Python basics
- Software development
- Digital marketing
- Data entry
- Technical writing
- Business correspondence
- Microsoft proficiency

EXPERIENCE

STUDENT, 09/2025 - Current

SOFTWARE ENGINEER, LAHORE, PAKISATAN

Software Engineer Portfolio Profile About Me

I am a motivated and dedicated Software Engineering student with a strong interest in programming, problem-solving, and technology-based solutions. I have built a solid foundation in C language programming and understand core programming concepts such as arrays, pointers, functions, loops, conditions, and logical problem solving.

Along with C programming, I also have knowledge of Python basics, including variables, loops, functions, conditions, and simple program development. I enjoy learning how software works and continuously improving my coding and debugging skills.

In addition to programming, I also have knowledge of Digital Marketing, which helps me understand online business growth, social media strategies, audience engagement, and basic marketing automation. This combination of technical and marketing knowledge allows me to think both as a developer and as a problem solver for real-world business needs.

I am passionate about learning new technologies, improving my practical development skills, and building projects that solve real problems. I believe in strong fundamentals, consistent practice, and continuous improvement.

Skills Programming Languages

- C Language
- Python (Basics)

Core Programming Concepts

- Arrays
- Pointers
- Functions
- Loops
- Conditional Statements
- Problem Solving
- Debugging
- Basic Data Structures Concepts
- Pseudocode and Flowcharts

Software Engineering Concepts

- Basic Programming Logic
- Algorithm Understanding
- Structured Problem Solving
- Practical Lab Preparation
- Exam-Oriented Programming Practice

Digital Marketing Skills

- Social Media Marketing
- Basic Facebook Automation Knowledge
- Content Strategy Basics
- Audience Engagement
- Online Brand Awareness
- Basic Marketing Communication

Career Objective

My goal is to grow as a professional Software Engineer by strengthening my programming skills, learning advanced development technologies, and working on practical software solutions. I aim to combine technical knowledge with real-world problem solving to create valuable and efficient digital solutions.

I am continuously learning and improving myself to become a strong developer with both technical expertise and professional communication skills.

Personal Strengths

- Strong problem-solving mindset
- Fast learner
- Consistent and disciplined
- Detail-oriented
- Good communication skills
- Persistent and hardworking
- Focused on practical learning
- Strong interest in technology and innovation

EDUCATION AND TRAINING

***PUNJAB UNIVERSITY**, LAHORE*

Bachelor of Science: **Software Engineering**
